THEME

In 100 words or less, describe the problem that you chose to address, and why you were interested in solving it. Please note that this portion of your submission will be published if you are selected as a finalist or winner.

My Knowledge Kings education app can address innumerable difficulties encountered by an education system:-

- 1) Access to Education: Access to quality education is limited in many parts of the world. My education app can bridge this gap by providing online education resources.
- 2) Special Needs: My app can accommodate students with hearing or learning disabilities by offering adaptive technologies.
- 3) Cost-Effectiveness: My app education is more affordable and available to a broader population.
- 4) Supplementing Classroom Teaching: Students can fortify their understanding through engaging exercises.
- 5) Personalized Learning: My app helps students comprehend concepts at their pace and style
- 6) Parental Involvement: My Education app can bridge the gap between parents and their children's education.
- 7) Global Learning Exchange: My app can facilitate cross-cultural education.

LIMITATIONS

In 100 words or less, describe the limitations of your app and what people should carefully consider when using it.

Education apps have the potential to enhance learning experiences, but it comes with certain limitations.

- 1) Limited Interaction: My education app can facilitate self-paced learning, but lack the level of human interaction that classrooms offer.**
- 2) Subject Complexity: Some subjects involve practical learning and may not be effectively taught through my app alone.**
