Art Zone

Fares Mohamed Hassan

Please upload a high-quality, well-lit headshot against a plain background for each of your team members.

overview

- **App Name:** (Art Zone)

- **App Description:** (you can spend your free time on this app. watching moves, playing games, reading books and poetry, or drawing a simple picture, and finally you can design your logo for your own business.)

- **Track:** (Youth Individual)

- **Category:** (Creativity, Art, and Entertainment)

theme

In 100 words or less, describe the problem that you chose to address, and why you were interested in solving it. Please note that this portion of your submission will be published if you are selected as a finalist or winner.

(I choose the creativity, art, and entertainment category to make my application on it because I found that all people search for any entertainment field individually, so I designed this application to collect the most liked fields in one application.

If you want to search in any field of the following, you can find it easily in my application.

So if you want to read any branch of the books when you want to read any poem, watch movies, design your own logo for your business, enjoy playing games, and even if you want to draw a simple one using some tools.

 The application consists of three screens to go throw and another screen holds the application name in the beginning.)
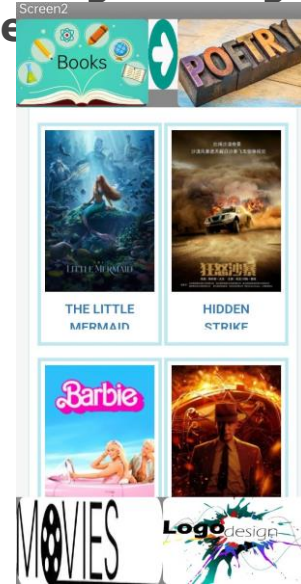

instructions

Please provide step-by-step instructions for using your app, along with high-quality screenshots of the app. Feel free to add as many slides as nee

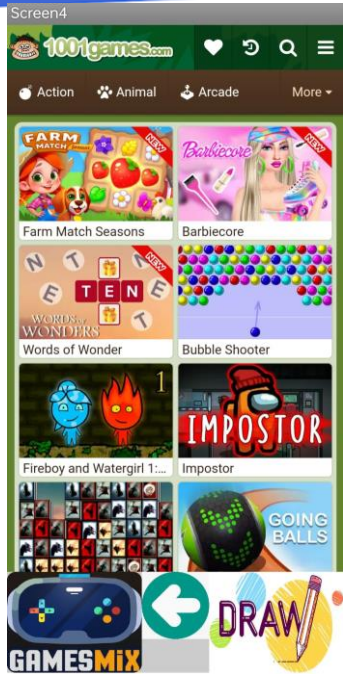

Step 1: (fill in description)

Step 2: (fill in the description)

instructions

small brush   big brush

Step 3 : (fill in thedescription)

Step 4 : (fill in the description)

LimitATIONS

In 100 words or less, describe the limitations of your app and what people should carefully consider when using it.

(people should carefully consider that :

1)This application is in the English language only.

2)You can only play offline games.

3) There are limited tools in the drawing branch.

4) There is no save button after finishing your drawing.

These are the limitations I found in my application.)

acknowledgements

Please list the names of anyone who helped you with developing your app, and describe what type of help they provided.

- Person #1: (my parents to fill the presentation)
- Person #2: ()
- ...

Appendix

If you have any supplementary information you wish to include, feel free to add it to the Appendix. **This section is entirely optional.**

It is recommended to add materials to the Appendix if you submitted a hardware project (e.g. with schematics, flow diagrams) or if your project included significant programming components outside of the MIT App Inventor platform.

Please be aware that judges reserve the right to exercise their discretion in reviewing materials within the Appendix, and they may not review its entirety if they consider it excessively lengthy.
