

CLASSICAL POETRY CHINESE

Zhao Tianlang

Please upload a high-quality, well-lit headshot against a plain background for each of your team members.

SUMMER APPATHON

OVERVIEW

- **App Name:** classical poetry Chinese
- **App Description:** This is an app that helps foreign friends learn and understand Chinese culture and ancient Chinese poetry**Track:** (Youth Individual, Youth Team, Mixed Team, Adult Individual, or Adult Team)
- **Category:**Education & research

THEME

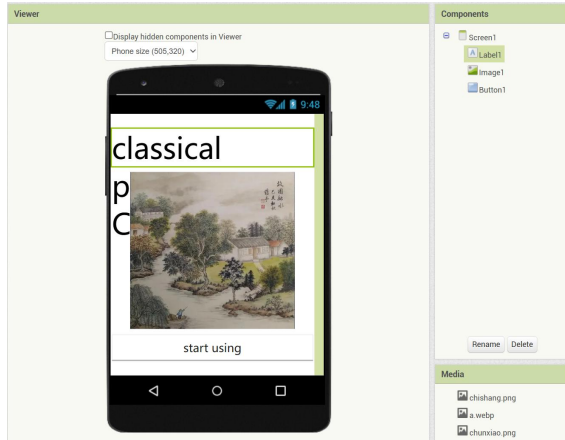

In 100 words or less, describe the problem that you chose to address, and why you were interested in solving it. Please note that this portion of your submission will be published if you are selected as a finalist or winner.

I have solved the problem of comparing text, displaying text, playing text, switching ancient poetry, and other functions in speech recognition. Because I like traditional Chinese culture, I hope it can spread to various parts of the world, so I want to solve these problems.

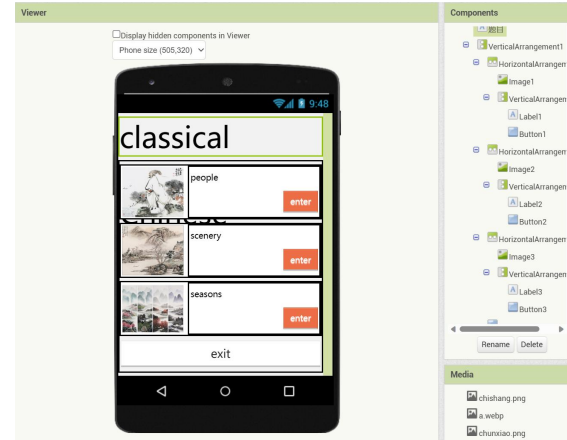

INSTRUCTIONS

Please provide step-by-step instructions for using your app, along with high-quality screenshots of the app. Feel free to add as many slides as needed.

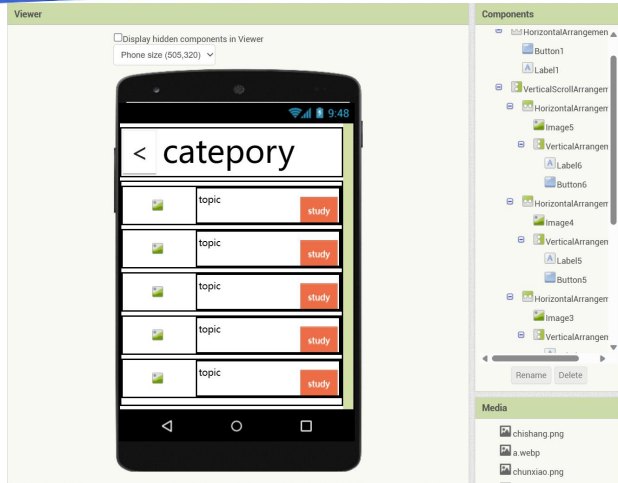

Press the button on the initial page to open the next page, "List"

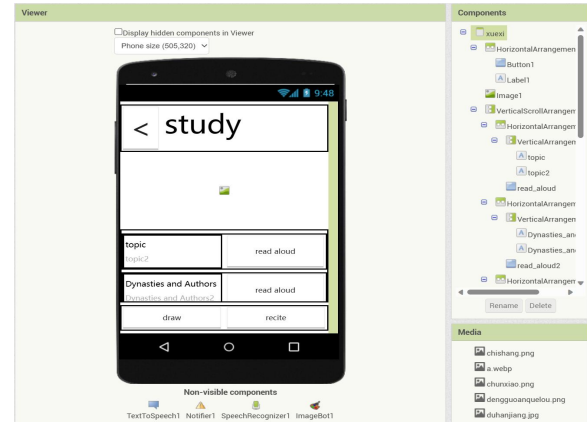

There are three categories, namely, the buttons in the four categories of "People, Landscape, and Four Seasons". Go to the "List" on the next page and press "Exit" to exit the application

INSTRUCTIONS

This page contains a type of poem selected from the previous page. You can choose to press the corresponding button for each poem to enter the learning page, and press the button in the upper left corner to return last page

This page shows that the selected ancient poetry on the previous page includes the title, author of the dynasty, and appreciation of the poetry content. Press the corresponding reading button for each sentence, read this sentence by drawing, use the button to recite this poem, and use a painting to memorize Chinese briefly. This is a prompt for right or wrong, and it should be in pure English. Press the return button in the upper left corner to return to the previous page

LIMITATIONS

In 100 words or less, describe the limitations of your app and what people should carefully consider when using it.

The recognition may not be accurate enough, only in Chinese and English. Pay attention to Speech disorder during use.

ACKNOWLEDGEMENTS

Please list the names of anyone who helped you with developing your app, and describe what type of help they provided.

- Person #1: Teacher Jin Congjun provides technical assistance
- Person #2: Teacher Zhao Yu provides assistance in color matc

APPENDIX

If you have any supplementary information you wish to include, feel free to add it to the Appendix. **This section is entirely optional.**

It is recommended to add materials to the Appendix if you submitted a hardware project (e.g. with schematics, flow diagrams) or if your project included significant programming components outside of the MIT App Inventor platform.

Please be aware that judges reserve the right to exercise their discretion in reviewing materials within the Appendix, and they may not review its entirety if they consider it excessively lengthy.
