MIT APPETHON 2023

App Name: Edu_Tech.

I am Aarush Chandrashekhar Shravagi

I love to participate in competitions,

This year I again participating in

Mit Appathon 2023

Category :Youth Individual(13 Yrs.)

Theme : Education and Research.

App Description:

My App helps students to learn Science, Vedic Math, Robotics , and solve quiz to make themselves better and can participate in Competition at National level and International Olympiad and also help them in Research in different fields.

Theme Description :

Education helps you develop critical skills like decision-making, mental agility, problem-solving, and logical thinking. People face problems in their professional as well as personal lives. In such situations, their ability to make rational and informed decisions comes from how educated and self-aware they are .It opens the doors of better future.

Research is the creation of new knowledge and/or the use of existing knowledge in a new and creative way so as to generate new concepts, methodologies and understandings. This could include synthesis and analysis of previous research to the extent that it leads to new and creative outcomes.
